WHAT WE DO

We're proud to be an asset management company whose culture is driven by strong values and a long-term vision. At Forte AiCrypto Capitals, our vision, mission and core values serve as the catalyst in our relations with our clients, employees, shareholders and in the communities in which we live and work. They are our guiding compass in our business each day.

Forte AiCrypto Capitals is dedicated to helping investors around the world reach their desired investment goals and broaden their financial horizons.

We provide investment products and solutions to our clients across the world. Our breadth of investment capabilities is extensive and among the most innovative within the market.

We're a truly global asset manager, with offices in over 40 locations and investment centres in more than 20 locations.

Investment involves risk. The value of investments, and the income from them, can go down as well as up and an investor may get back less than the amount invested. Past performance is not a guide to future results.

Forte AiCrypto Capitals was founded on a simple but revolutionary idea that an investment company should be run for the sole benefit of its investors. And so Forte AiCrypto Capitals was designed to be different, removing outside owners and outside interests from the equation. Because of our investor-owned structure, Forte AiCrypto Capitals's success can only be measured by your success.

Low costs, a long-term orientation, and focus on your goals are at the core of Forte AiCrypto Capitals's investing philosophy, and not just because they sound good. They're essential to our approach because they're essential to the thing that really matters to you: the opportunity for investment success. So however you shape your portfolio, you can be sure that these principles run through everything we do.

Forte AiCrypto Capitals's mission is to help investors reach their goals, and that means access to advice that works for you. Whether through our own advisory services or supporting financial advisors, we stand firm in our belief that all investors deserve advice that can be trusted and puts your interests first. That's why we seek to provide the advice offerings you need to build your financial future.

Strategy matters. Forte AiCrypto Capitals's approach to managing investments on behalf of our clients is to combine an in-depth appreciation of their unique circumstances and objectives with the investment capacity of a large-scale institutional investor. That means knowing when to apply traditional strategies and when to deviate to ensure consistent, strong risk-adjusted returns.

HOW WE WORK

OUR INVESTMENT PHILOSOPHY

We will maintain a consistent decision making process within the organization and invest responsibly as a major investment firm. By looking for market inefficiencies, we determine the gap between the optimal price and the current market price of the asset, and produce excess revenue. We look for investment opportunities through intensive research, analysis and insight. With a continuous and consistent investment approach and extensive risk management, we aim to steadily reach our investment goal. We combine our deep knowledge of local markets with the power of coordinated global oversight to drive better investment outcomes for our investors.

AS A LEADING GLOBAL ASSET MANAGER WE ARE DEDICATED TO CREATING LONG-TERM VALUE FOR OUR CLIENTS.

Aligning our brand with those who share our values and ambition helps us to strengthen and build our business around the world. It is also one of the ways that we are able to support the communities in which we operate. Our partnerships reflect our belief in continuous development, performance and sustainable growth – and we aim to inspire excellence in whatever we put our name to.
